Transportation	\$	\$	\$
Health Care	\$	\$	\$
Other Necessities	\$	\$	\$
Taxes	\$	\$	\$
Total	\$	\$	\$
Annual Total	\$	\$	\$

## Additional Resources

- Census Scope:**  
 Features a wide array of data sets searchable by county that will give you insight into your community including segregation indices, migration, household & family structure, and occupation.
- American FactFinder:**  
 This site provides extensive data sets organized around topics, geographies, race and ethnic groups, and industry codes. The data sets examine a variety of variables related to poverty. For example, "Means of Transportation to Work by Poverty Status in the Past 12 months."
- USDA:**  
 Features data searchable by county searchable by poverty, population, unemployment and median household income, and education. If you're serving in a rural site, you'll find resources on [rural poverty](#).
